Eternal Fellowship News Bulletin

We believe in one GOD, in three persons; FATHER, SON and HOLY SPIRIT. We regard the Bible (both Hebrew Bible and New Testament) as the only infallible authoritative WORD OF GOD.

HULDAH MINISTRY aims to return to the Word Of God, founded on Hebrew background and to interpret it from Hebraic perspective, acknowledging that Jesus is a Jew and the Jewish-ness of His teaching as a continuation from the Hebrew Bible. The Ministry also aims to put His teaching into practice, to have a closer relationship with the Lord, Jesus Christ, and to regularly have a Christian fellowship so that this-worldly kingdom of God will materialise in the midst of the followers of Jesus here and now, as well as earnestly seeking Christ's Return to establish the otherworldly Kingdom of God on earth.

All activities are free of charge and no obligation whatever. Just enjoy our fellowship!

HULDAH MINISTRY

LETTER TO THE BROTHERS AND SISTERS IN CHRIST

【APOCALYPSE】

See, the LORD is going to lay waste the earth and devastate it; he will ruin its face and scatter its inhabitants —it will be the same for priests as for people, for master as for servant, for mistress as for maid, for seller as for buyer, for borrower as for lender, for debtor as for creditor. The earth will be completely laid waste and totally plundered. The LORD has spoken this word.

The earth dries up and withers, the word languishes and withers, the exalted of the earth languish. The earth is defiled by its people; they have disobeyed the laws, violated the statutes and broken the everlasting covenant. Therefore a curse consumes the earth; its people must bear their guilt. Therefore earth's inhabitants are burned up, and very few are left.....So will it be on the earth and among the nations, as when an olive tree is beaten, or as when gleanings are left after the grape harvest.

They raise their voices, they shout for joy; from the west they acclaim the LORD's majesty. Therefore in the east give glory to the LORD; exalt the name of the LORD, the God of Israel, in the islands of the sea. From the ends of the earth we hear singing: "Glory to the Righteous One."...

The floodgates of the heavens are opened, the foundations of the earth shake. The earth is broken up, the earth is split asunder, the earth is thoroughly shaken. The earth reels like a drunkard, it sways like a hut in the wind; so heavy upon it is the guilt of its rebellion that it falls—never to rise again.

In that day the LORD will punish the powers in the heavens above and the kings on the earth below. They will be herded together like prisoners bound in a dungeon; they will be shut up in prison and be

punished after many days. The moon will be abashed, the sun ashamed; for the LORD Almighty will reign on Mount Zion and in Jerusalem and before its elders, gloriously.

ISAIAH 24.

The passage quoted above is the first of the four chapters known as the ‘Isaiah Apocalypse’, written from Isaiah’s view point of Jerusalem and Judah and their surrounding nations, and it deals with the chaos in sinful humanity, cosmic judgement over the spiritual hosts of wickedness in the heavenly places, and also ultimate blessing in the last days. Sinful man has broken God’s covenant, and His world has been utterly desecrated by man’s sins, for which His wrath and curse will burn up all the inhabitants on earth. Only very few would be left behind. In the end, however, through much hardship and perseverance, the godly remnant would survive the judgment, which certainly involves earthquakes and thunder. The great signs upon the sun and moon would appear and they will ultimately be replaced by the true everlasting light when the Lord Almighty reigns on Mount Zion and in Jerusalem.

In His sermon on the Mount of Olives, two days before His crucifixion on the cross, Christ highlighted some of the major signs of His Second Coming: ***‘There will be great earthquakes, famines and pestilences in various places, and fearful events and great signs from heaven’ (Lk.21:11)***. Christ explained at that time that if all the signs He predicted were fulfilled, that very generation would be the one the Bible calls ***‘this generation’***, ***‘Even so, when you see these things happening, you know that the kingdom of God is near. “I tell you the truth, this generation will certainly not pass away until all these things have happened’ (Lk.21:31-32, Line added)***. Christ’s statement infers that knowing the signs is significant because they would unmistakably point to the end times and the last generation shortly before His return to earth will be vindicated by the fulfilment of all the predicted signs. Global conditions in our days, for example, the current worldwide climate seem to herald the nearing of the prophesied apocalypse. We need to be watchful as the Bible exhorts.

For the present, great attention seems to be paid to 2012 prophecies, which speaks of man’s tendency of being obsessed with the end of the world. According to Douglas Woodward in his book entitled in *“Decoding Doomsday”*, the record holder for the greatest number of wrong dates for the end of the world is the Jehovah’s Witnesses. Starting with 1914 as one of the first and strongest dates, the Witnesses selected seven more dates with the last one being in 1994, all of which just brought them disappointment. Woodward argues that the pace of doomsday predictions begins to pick up dramatically in the 1980’s and the date setting goes on and on into this century. While many cults, false prophets and false teachers have tried to decode doomsday dates throughout the past 2000 year history, people have also used science to predict the timing of the end of the world. Science tends not to specify a particular date but rather provides us with information about previous events in the world which could and may happen again.

Science predicts many doomsday events as follows (mostly adopted from Woodward’s arguments): (1) There are clear historical examples of enormous catastrophes reshaping our world. (2) There is proof that the earth has been the target of countless number of objects falling from the sky. When these collisions happen, major changes would influence the earth for hundreds years. (3) Solar activity is one of such extraordinary factors. Climate change is happening and more often now creating devastating storms than in previous decades. Due to the seriousness of this activity, combined with changes in earth’s “magnetosphere” that is, the phenomenon that the earth’s magnetic field is weakening, doomsday could happen across all of the planet or to at least major sections of the globe in 2012, he believes. The fact that in recent decades holes in the magnetic field have opened up is serious because the magnetic field functions as a shield from harmful protons and other radiation from the sun for life on earth. (4) In consideration of our heavy reliance on the advancement of the internet, its search capabilities, its exponentially increasing speeds, and the enormity of the available information, we are more vulnerable and prone to dramatic disruptions today because of such reliance on the power grid for almost every

aspect of what we consider modern life. (5) It is scientifically recognised that asteroids or comets are likely to strike earth, although we are now in a position to be able to take steps to help avert such events. Among scientists this is a non-secret, publicised fact. (6) Scientific predictions are believable and more frightening than any imaginable fictional apocalypse.

There is also further information about the apocalypse. The following is an excerpt from the first part of Chapter Seven 'Apocalypse' of *The Bible Code* written by Michael Drosnin in 1997. Above all, I have been very intrigued by the appearance of "Japan" in the Bible Code, concerning the end of days, being paired with "Israel". Since Drosnin published the book, his view has been widely popularized by many Jews, Christians and non-believers. A self-professed atheist, Drosnin ventured to predict the future by using the technique of an equidistant letter sequences (ELS), and failed to make his predictions happen. It is a shame that he only showed an interest in pursuing hidden intelligence in the Bible but not in God Himself and His Word. However, the fault lies in only such a way of using codes for future predictions as Drosnin did, and yet, without doubt, ELS exists in the Bible. It validates the Bible as God's genuine revelation because these numerous codes could not have been encoded in by accident. Accordingly, it is still worth examining it for the purpose of authenticating the Bible's primary messages, but not of predicting the future.

Having made this point clear, we would now like to focus on 'Apocalypse' of *The Bible Code*. Drosnin puts it: 'IN every vision of the Apocalypse, the final blow is a massive earthquake.....The destruction of this world by a huge earthquake is constantly threatened and foretold in the plain words of the Bible.....The code seems to warn that over the next hundred years there will be a series of "great earthquakes" around the world. Three years are clearly encoded with "the great terror": 2000, 2014, and 2113. The distant year is the best match. It is not clear if the code is stating a series of disasters, or a series of delays. The first earthquakes, however, may come within the first decade of the next century, perhaps even by the end of this century. THE long-envisioned Apocalypse, if real, will begin not in some mythical, far-off land, but in real cities, in the real world. The United States, China, Japan, and Israel are all encoded with "great earthquake" and years in the near future.....Israel, which has not suffered a major earthquake this century, is the place most prominently stated in the plain text of the Bible. Ezekiel openly predicts "a great earthquake in the land of Israel." "Israel" also appears four times with "great earthquake" in the Bible code.....

But the one country most likely in danger, according to the Bible code, is Japan.....the port city of Kobe was devastated by a massive earthquake that killed 5000. That, too, had been foreseen in the Old Testament. "Kobe, Japan" was encoded. With it were the words, "fire," "earthquake," "the big one." And the year it happened, 1995 ("5755") crossed "fire, earthquake." "Japan" is also the country most clearly encoded with a future "great earthquake." The years 2000 and 2006 appear in the same place. Again, there is no way to know if the stated danger is real. But there seems to be an Apocalyptic urgency to the warning about Japan, just as there is about Israel. In fact, in the Bible code, there seems to be an almost eerie link between the two countries. Both are repeatedly stated to be in unprecedented danger. "Japan" and "Israel" appear together with the two Biblical statements of the "End of Days." "Japan" is encoded with "holocaust of Israel." "Israel and Japan" are again together in the hidden text of the Bible as a single phrase, and the names of the two countries cross the only encoding of "year of the plague." And "Japan" is the only country in addition to Israel encoded with "Final Battle." A disaster of Biblical proportions seems to be threatened throughout the Bible code for both countries. In

Israel, the immediate danger appears to be nuclear war. In Japan, the immediate danger appears to be a catastrophic earthquake. And if the entire world might be endangered by the war the Bible code predicts will start in Israel, the entire world might also be shaken by an earthquake that strikes Japan.’

In Chapter Eight, Drosnin also describes an interesting comment about ‘delay’: “DELAY” is written into the Bible and the code. It is written in with “holocaust of Israel”.....“Holocaust of Israel” is encoded with the year 2000 as well as 1996, and the words “you delayed” are encoded in the same places. “5756 (1996)” posed a question, “Will you change it?” The hidden text starting at the same letter that begins to spell out “5760 (2000)” gives the answer, “you delayed.” “Delay” is written in with “year of the plague.” Where “Israel and Japan” cross those words, the same code sequences states, “they delayed the year of the plague.” “Delay” is written in with “World War.” Where the years 2000 and 2006 are encoded, the hidden text states, “I will delay the war.” It is even written in with the “End of Days.” Every time the “End of Days” appears in the plain text of the Bible, the word “delayed” appears in the hidden text.....In Deuteronomy 31:29, Moses warning that “evil will befall you in the End of Days” is preceded by a hidden text that starts, “you knew it will be delayed.” And Numbers 24:14, where the sorcerer Balaam foretells the “End of Days”—the words that are encoded with both “atomic holocaust” and “World War”—the hidden text starts “friend delayed.” “Friend delayed” overlaps “fire shook the nation.” And the hidden text in the same verse also states “I will advise you what” and “I will advice when.” The “friend” is not identified. But he appears to be whoever encoded the Bible. It is not yet clear if the End will come, when the stated delay will be over, but one thing is clear— “delay” is written into all the original prophecies of the “End of Days,” Armageddon has not been prevented, according to the code, only delayed.’

Drosnin repeatedly states a link between Israel and Japan in the end of times, which appears to be a very strange combination. Significantly for me, he also includes “Tokyo” in one of the cities among the most likely targets of a nuclear attack that statistically match in the Bible code with either “atomic holocaust” or “World War”. The other cities he refers to are Washington, New York, London, Paris, Beijing, Moscow, Tel Aviv as well as Jerusalem. Although Japan is the only country that suffered from atomic bombing in the Second World War, Tokyo was not the place severely exposed to radiation at that time but Hiroshima and Nagasaki. Actually, according to him, there is a reference to Hiroshima in the code, where “Hiroshima” is spelled out with a skip sequence of 1945, the same as the year that the bomb was dropped. However, if the aftermath of the latest nuclear accidents induced by the magnitude 9.0 earthquake and tsunami in Japan in March of this year, which took place near Tokyo could be counted as an atomic disaster, there is a great possibility of another similar and bigger atomic disaster taking place triggered by earthquakes in the near future, as the Bible Code suggests. This month, there are reports that big earthquakes (magnitude greater than 7.0) could easily take place in Tokyo as an active fault line in Kanagawa prefecture adjoining Tokyo has been weakened by losing one plate out of three, and subsequently losing balance due to the recent 9.0 earthquake.

This month, a money gift of US\$ ***** has been sent to Mary Jane in the Philippines for her children’s ministry’s support and also so that she can pay off all debts that her ministry owed last March to buy the land for minority tribes’ poultry, pig breeding, and plantation. Scripturally, we ought not to have any money debt to this world except a debt to love one another. Especially, this principle should be very relevant for us living in the end of the last days, when we are to prove ourselves faithful to the Lord at any moment of His return
